From 10/19~21 is the most important event for Textile industry in Taiwan "TITAS", which held in Nangang Exhibition Center during these 3 days.

UMORFIL® Beauty Fiber® by Camangi Corp had collaborated with TTF(Taiwan Textile Federation) and display the collagen peptide fiber product with staple and filament type. Also had involved the seminar in 20151019 PM3:00~4:00 /Conference Room 403, topic as "New Generation Fiber Brand-UMORFIL®", presented by founder of UMORFIL®, James Hou.

▲ Mrs. Tsai, lady of Vice President of Taiwan, visited Eclat and UMORFIL® Beauty Fiber®.

UMORFIL® is a new brand of Beauty Fiber®, it's the combination of Latin "Umor" and French for textile "Fil". Umor means moisture and fil means yarn. UMORFIL® Beauty Fiber® was created to pursuit innovation in textile products that are skin-friendly and good for skin health. It is a Bio-tech recycled-polymer based fiber with

lasting skin care properties. it is composed with ocean collagen peptide amino acid and Rayon(Viscose)/ Polyester fiber , which are biodegradable. Combining aesthetics features of silk, cashmere and linen, UMORFIL® Beauty Fiber® offers you a better choice of textile materials.

After TEXTIFOOD show in MILANO EXPO 2015, which invited by France/Lille Europe Pavilion, UMORFIL® Beauty Fiber® draw highly attention from the branding customer which were looking for premium textile ingredients. With excellent features of deodorizing, moisture management and anti-bacterial.

▲ UMORFIL® Beauty Fiber® draw high attention in TITAS 2015

Come to visit UMORFIL® Beauty Fiber® in TITAS Booth No.M719 during Oct 19 – 21, 2015.
